## Your exhibition partner

When the occasion is important, when you cannot be missing and when you want to export **your image abroad**.

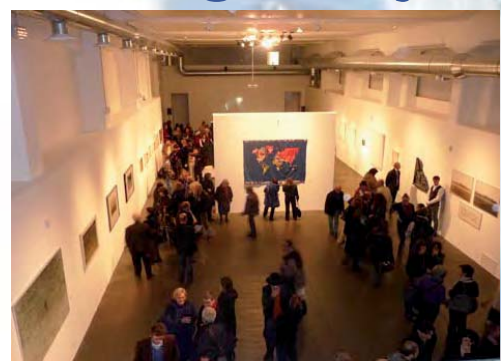

Identifying all the resources of your Company and knowing your mission allow us to design a tailored stand, and to give you the possibility to show exactly the image that represents you best.

This is why we work just like a **perfect partner**, in order to turn a visual contact in a trade contact. Tradition of craftsmanship, technical skills and use of innovative materials are the instruments to guarantee your corporate identity in every trade fair.

## A good project for a good job

Each one of our design proposals conjugates aesthetic sense and economy of execution. *This is why we place ideas first*

Customized service

We have been carpenters since 1956

Our long experience both in carpentry and in stand building are the best guarantee to carefully plan every detail of your exhibition area. Our staff is highly trained, and well coordinated by qualified and trustworthy persons.

Transfer all over Europe

We operate in the major fairgrounds all over Europe, using our own means of transports or reliable partners. Our staff is present during the logistics, building and dismantling.

Structured to create custom stands

## Technical and customer department
